

Small Group Resources

Some resources that might be of interest to you to start a group. Please contact Kurt for more information and ways to access the materials listed:

Mudhouse Sabbath, by Lauren F. Winner is described as “An invitation to a Life of Spiritual Discipline” and is written by someone who converted from Judaism to Christianity. This book and video series offers an opportunity to see our Christian faith through its Jewish roots and includes a workbook for participants.

Living the Quaker Way is a book by Quaker minister Philip Gulley. Now this might sound like he is trying to convert us to the Quaker tradition but he isn't: this book helps us understand the simplicity of the Jesus story and how we can lead it. There is a simple system for responding to questions at the back of the book that can guide a discussion.

The Shack, by William P. Young is a book we are all familiar with. This wildly popular novel about a man who overcomes his grief and finds God in a more intimate way in the meantime is now a feature film as well. This simple novel can be read in sections and a study guide helps form questions for a group to ponder and consider.

Freedom of Simplicity, by Richard Foster is a simple guide to a simpler life. Each section is provided with an eye toward discussion so that the concept of simplifying our life and finding Jesus more present in it, can be explored with friends.
